

29th Street Extension (Oxford to SH 107)

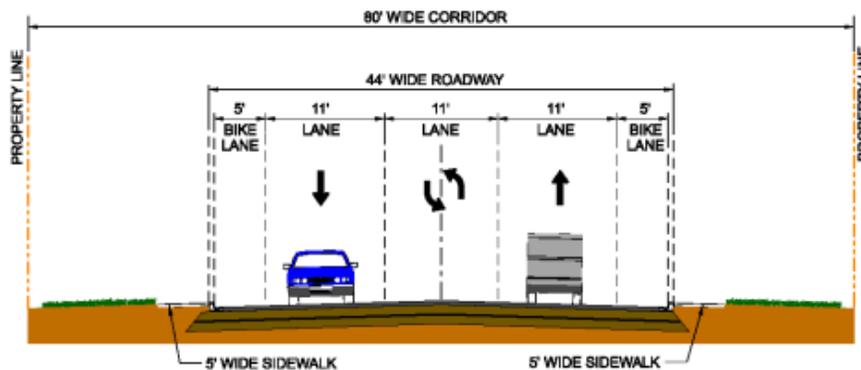

Project Description

This project improves the pavement section of 29th Street from Oxford Avenue to SH 107. The Thoroughfare Plan classifies 29th Street as a Minor arterial with up to 100 feet of right of way. The proposed improvement consists of a 2 lane urban section with a continuous left turn lane and bike lanes within a proposed 80 feet of right of way.

Begin Design, Engineering and ROW Acquisition	2014
Begin Construction	2016
Estimated Completion	2017

Status

Project has not started. Schedule will be adjusted to meet program needs.
