

Oakland Avenue Extension- ("K" Center to Jackson Avenue)

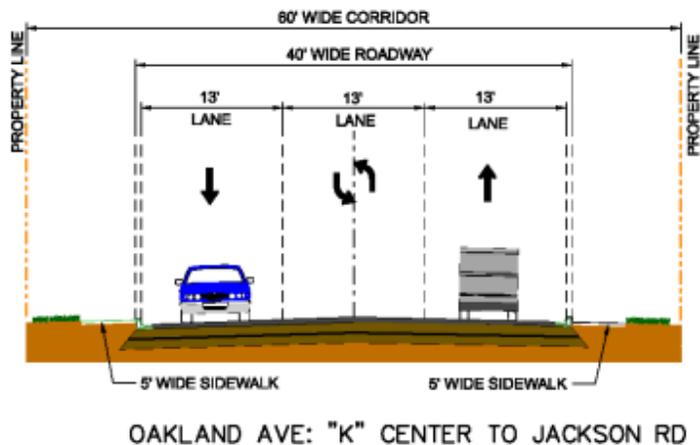

Project Description

This project constructs a new segment of roadway between K Center Street and Jackson Avenue. The roadway will provide an alternate route from this shopping district to Jackson Avenue. It will aid in reducing congestion on the adjacent arterials. Oakland is a local street with up to 60 feet of right of way. The proposed roadway will be constructed as a two lane urban section with curb and gutter drainage improvements.

Begin Design, Engineering and ROW Acquisition	2014
Begin Construction	2015
Estimated Completion	2016

Status

Project has not started. Schedule will be adjusted to meet program needs.
