## **Census 2020 Jobs Available in Rio Grande Valley**

*Positions seek bilingual people who reside in the McAllen local commuting area*

“In 2020, the United States will conduct the once-a-decade census, a mandate in the U.S. Constitution,” said McAllen Mayor Jim Darling. “That may feel like a long way off, but preparations have already begun, and the U.S. Census needs the community’s help getting in the count right for the Rio Grande Valley.”

The U.S. Census is currently hiring hundreds of thousands of employees to make this happen and they have jobs available in every city across the country, and some right here in the area, including the Lead Census Field Manager; Administrative Manager; and Area Census Office Manager. In order to be considered, all applicants must reside in the McAllen local commuting area.

To learn more and apply visit [www.2020census.gov/jobs](http://www.2020census.gov/jobs) or call 1-855-JOB-2020.

If selected, candidates will have to undergo a mandatory background check before beginning. All salaries are non-negotiable and are closing soon.

“In order to get the message out about the importance of the Rio Grande Valley to the rest of the nation, we must stand up and be counted,” stressed Mayor Darling. “Let’s make the Rio Grande Valley count!”
