### **DEBBIE KORTH – BIOGRAPHY**

Deputy Manager, Orion Program

#### **Education:**

B.S. Aerospace Engineering, Texas A&M University

Debbie Korth is deputy program manager of NASA's Orion Program, based at the agency's Johnson Space Center in Houston. Korth is responsible for assisting the Orion program manager in the design, development, production, and operations of Orion, NASA's next generation human-rated spacecraft for Artemis missions.

Korth began her career with NASA in 1991 and has served in several key Orion leadership positions, as well as several key technical and leadership positions in support of extravehicular activities, life sciences, and the International Space Station (ISS) prior to joining the Orion Program.
