"Temporary Event Requirements"

SANITARY REGULATIONS GOVERNING EVENTS WHERE THERE WILL BE FOOD PREPAPRATION FOR THE PUBLIC IN THE CITY OF MCALLEN, TEXAS.

This information has been condensed from the Texas Department of Health Regulations and the City of McAllen Ordinances to assist you in setting up and operate your event in a "sanitary and healthful" manner while minimizing the possibility of a Food-Borne Illness.

OPERATIONS MUST ABIDE BY THE FOLLOWING ITEMS:

- 1. **APPLICATION FOR (14 DAYS) PERMIT:** Individuals must obtain a food permit (2) two weeks prior to the proposed temporary food service event. Application forms can be obtained and processed at the Health and Code Enforcement Department located on 311 N 15th St. Once the application has been approved, there will be a non-refundable \$50.00 fee for the permit. Permits for temporary food service establishments shall be issued for a period of time not to exceed 14 days.
- 2. APPLICATION FOR (1 TO 4 DAYS) PERMIT: Individuals must obtain a food permit (2) two weeks prior to the proposed temporary food service event. Application forms can be obtained and processed at the Health and Code Enforcement Department located on 311 N 15th St. Once the application has been approved, there will be a non-refundable \$25.00 fee for the permit.
- **3. FOOD HANDLERS CERTIFICATION:** Food handler certification is required for individual(s) operating a food booth with potentially hazardous foods. Consult the Health and Code Enforcement Department to obtain a private list of Approved Food Safety Vendors/Instructors that provide food handler courses. Attach copies of food handler certifications with the application.
- **4. BUILDING STRUCTURE:** Booths where foods are handled must have all sides covered from the ground level to a minimum of (30) thirty inches high and have an overhead covering. Walls, floors (**Booths cannot be set up on grass or dirt**), ceiling, screening, and or other structural items must be provided to control insects and air-borne contamination. Modifications and waivers when adequate measures for food protection are provided must be "**APPROVED**" prior the food event. (**As per Health Authority**)

-----------------------------	-------

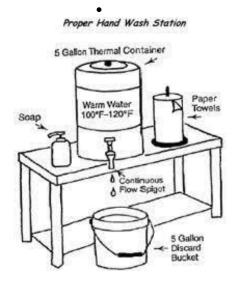

- 5. MENU: Food Products must come from an "<u>APPROVED SOURCES</u>". Foods that have been prepared at home are "<u>NOT ALLOWED</u>", unless the facility where the food was prepared has been permitted by a "<u>LOCAL REGULATORY AUTHORITY</u>" and/or <u>City of McAllen</u>. All prepared food items are not to be used for more than a one-day event (<u>Everything must be same day Use</u>).
- 6. COOKING: Use a working food thermometer to check for hot and cold holding temperatures of time/temperature controlled for safety (TCS) foods "POTENTIALLY HAZARDOUS FOODS". Hamburgers and other ground beef must be cooked at least 155°F or until juices run clear. Cook poultry, pork, and other meats must completely be heated "heat all parts of the food" to least 165°F with no interruption of the cooking process.
- **7. STORAGE OF PERISHABLE FOOD:** All perishable food shall be kept refrigerated continuously at or below 41°F, unless it is kept hot at or above 135°F. Be prepared to supply extra equipment, as needed, to maintain these temperatures. Chafing Dishes and sternos (fuel canisters) are not permitted for outdoor use.
- **8. UTENSIL AND EQUIPMENT:** Only "<u>SINGLE SERVICE ARTICLES</u>" (disposable cups, dishes, and utensils) shall be used for serving food and drinks. The single service articles shall be kept in the carton in which they were purchased, or in sanitary dispensers. Straws, if used, shall be the type that is individually wrapped. Cooking utensils and equipment shall be of "**EASILY CLEANABLE**" construction.
- **9. WASH, RINSE, AND SANITIZE**: As a minimum requirement, operations require at least three (5) five gallon buckets: (1) one bucket with detergent/water (**Wash**), and (1) one bucket with plain water (**Rinse**), and (1) one bucket with bleach/water (1 teaspoon per gallon) (**Sanitize**). A two compartment utility sink with running water may be required where there is extensive food preparation.
- 10. HEALTH AND HYGIENE: Only healthy workers must prepare and serve food. Anyone who shows symptoms of a disease or who has an open sore or infected cuts on his/her hands must not be allowed to operate or handle food. Workers must wear clean clothing, caps or hair restraints, and shall keep their hands clean at all time. Every time a worker changes a food preparation task, they need to wash their hands and use new gloves. All food handlers must wear clean disposable gloves when handling food. Smoking, eating, or drinking is prohibited in the food preparation areas.
- 11. HAND WASHING FACILITIES: Each concession shall be provided with suitable hand washing facilities, which shall be used for no other purpose. The facilities shall include running water with proper faucets. There must be a waste water tank or container to hold all wastewater produced from handwashing. This waste water container must be properly disposed of. Soap and towels must be provided at all times. Any person engaged in the food concession who leaves the food preparation for any reason shall wash their hands before resuming duties in the area. These facilities may be modified but must be approved by Health Authority.

Hand Washing	

All staff at temporary food service events **must** be instructed in the proper method of hand washing. The following may serve as a guide:

• Use soap and water-A 5 Gallon or larger container for freshwater with spigot must be set up with a waste water container bucket underneath to capture water produced by handwashing.

- Wash All surfaces, including:
 - Back of hands
 - Wrists
 - Between fingers
 - Under fingernails using a good brush
- Rub your hands vigorously as you wash them
- Rinse your hands well
- Dry hands with a paper towel
- **1. SANITIZING SOLUTION:** A solution with household bleach and water must be available at all times for sanitizing utensils, wiping cloths, and all working surfaces.
- 2. DISPOSAL OF WASTES: Liquid waste shall not be dumped into streets, storm sewers, on any ground surfaces, and/or any public place except in a sanitary sewer. Covered containers must be provided for such liquids which shall be hauled away by the operator and disposed of in an approved sanitary manner. Enough garbage containers with tight fitting lids are to be provided for garbage and rubbish storage. These cans must be covered at all times, kept clean, and contents hauled away daily.
