INTRODUCTION

The following outlines the City of McAllen Fire Department's Permit Officer's Policies and Procedures for Ambulance Service Providers that seek to acquire an Ambulance License and / or Vehicle Permits to conduct business within the McAllen City Limits.

I. Purpose

The purpose of this document is to define the proper procedure for obtaining, maintaining, and renewing an Ambulance License and / or Vehicle Permit(s) to operate as an Ambulance Service Provider within the McAllen City Limits.

II. General Provisions

- A. The McAllen Fire Chief, as Permit Officer, and / or designees, is responsible for all initial licensing, License renewals and Vehicle Permits.
- B. An Ambulance License will be issued or renewed based on:
 - 1. Receipt of a complete and accurate License Application, including all required schedules, attachments, and fees.
 - 2. The Provider's, or Applicant's compliance with all relevant provisions of Chapter 42 of the McAllen Code of Ordinances ("Ambulance Ordinance") and the policies and procedures established by the Permit Officer of the McAllen Fire Department.

III. Processing of License Applications, Vehicle Inspections

- A. The Application Form promulgated by the Permit Officer, as the same may be amended or supplemented, shall be used to apply for, amend, update, supplement, continue, or renew a License and should include any and all vehicles that will be employed by the Applicant to conduct its business within the McAllen City Limits. Copies of the Application Form may be obtained:

33. Pulse Oximeter reading must be taken.
34. Laryngoscope blades will be tested individually and must be operating properly.
35. Any supplies and medication that has an expiration date will be checked; any expired supplies and / or medication will not be counted as part of the inspection. **Provider will be responsible for proper disposal of expired supplies and / or medications.*
36. Medications that are not on board at time of inspection due to 'National Shortage/Back Order' must be accounted for by submitting three (3) vendor statements stating that the medication(s) is on back order. (For initial Vehicle Permit inspections: Provider must carry two (2) copies of the three (3) vendor statements; one (1) to turn in to the inspector and the other to keep on board. Some examples of acceptable statements can be from a general distributor and/or a local pharmacy, etc. The statements must specify the medication(s), state that the medication(s) is on back order and specify a release date or expected delivery date, must have the provider's information, have a current, recent date (which should be dated within thirty (30) days from date of inspection and have the vendor contact information (name, phone, and/or email) of the person who issued the statement. Hand written information will not be accepted.
37. Total quantities specified on Provider's minimums list must be accounted for. Supplies and / or medications must match as listed on the Provider's minimums list (substitutions, replacements or exchanges will not be accepted unless the minimums supply list is revised / updated with the medical director, must have a "revised/updated" date and must notify DSHS to make the specified changes on the substituted, replaced or exchanged supplies and/or medications).

Generic medications are acceptable and vice versa. Example of a non-acceptable item: Nitro Tabs cannot be carried if minimums supply list states Nitro Spray and vice versa, Ipratropium/Albuterol combination vial cannot be carried if minimums supply list states Ipratropium individually and Albuterol individually, Epinephrine vials cannot be carried if minimums supply list states Epinephrine Auto Injector(s).

38. Minimums Supply list must be **categorized** as BLS, ALS and MICU and will be inspected accordingly as specified ***NO EXCEPTIONS**. If list is modified it must be revised and dated by Medical director and sent to DSHS for approval to use.
 39. Items listed on minimums supply list as “if available”, “as needed” or any phrase indicating as such will not be acceptable and items will need to be accounted for.
 40. All items must be on board once inspection has begun; No personnel, equipment, supplies and/or documents will be allowed to be brought into the vehicle by personnel from another ambulance, ‘stock’ vehicle and / or supervisor vehicle or any other source at any time after the vehicle inspection has begun and if inspector suspects of such occurrence, may ‘Fail’ an inspection and has the option to end or continue the inspection.
 41. Failure to comply with any of the above items will be an automatic “FAILED” inspection.
 42. Provider has the option to end or choose to continue the inspection at any time if the inspection has been considered to have “FAILED” early in the inspection process.
 43. Inspector and / or Compliance Officer has the right to end or continue the inspection at any time if the inspection has been considered to have “FAILED” early in the inspection process.
 44. Inspector will adhere Permit sticker and remove expired Permit sticker if needed at time and location of a successful inspection.
 45. Final decisions will be made by Inspector conducting the inspection.
- CC. Random Vehicle Inspections and / or File Reviews:
